(2) At present there are apparently no scholarships of the kind now proposed + the proposal will therefore meet a real want The number of Scholarships proposed is modest, as it is for the whole State The manner of distribution of these Scholarships among districts is not stated by the DI

(3) If these Scholarships can paid from State funds can be supplemented in each district by a Scholarship fund by the Subscribe

(7) A regular "scholarship-ladder" as the system has been called is an indispensable part of a complete educational machinery in a State. The idea is to make sure that the best students in any stage should go to the next higher stage the best in this latter again to the next higher and so on so that no-where potential genius may be smothered by "child penury".

"What right has any part of the community, truly, akin a spirited & eminent author or Economics to allow any part of its quota of citizens to be reared in ignorance or to suffer even one potential genius to be lost to the community?'

(8) The proposal of the DI has much to recommend it and the idea may therefore be approved It is a point for consideration however how in the absence of a common primary exam the system can be satisfactorily worked. The selections are bound to be arbitrary in the present circumstances. It is therefore necessary to see by sanctioning a few scholarships at first as to whether a method of selecting really deserving boys for the scholarships can be devised. As a beginning 20 scholarships may be sanctioned at Rs 5 per the rate suggested by DI In the "ladder

1) Edn file 63 of 13 Diary No 6839

In this file the I Gl of Education has proposed the raising of the contingent grant of the I Gl's offices from Rs 300 to 500 from 1914 15. P

& this item does not seem to have been included in the budget estimate, the reference having been received subsequent to the submission by Por IV

(2) Edn file 393 13 Diary No 6250

In this file the I Gl has requested for a provision of Rs 6000 being made in the V School Fund Budget for 1914 15 for grant of Scholarships to village School pupils for four years prosecuting their Studies in Taluka Schools. I Gl's proposal is for 50 Scholarships at Rs 8 each p m in each of the Standards IV & V. The charge is requested to be given as a contribution from State funds to village School funds

This item has been noted upon in Pol Secy's D No 1 C of 1914 however clear why the item of contribution required from State funds

has been noted in Por II

Final Note by the First Member of Council

Subject — Provision in the Village School Fund Budget for scholarships to Village School pupils for prosecuting further studies (26)

---

(27) These papers relate to the proposal from the Inspector General of Education for a sum of Rs 6000/- being provided for scholarships to the poor Village School pupils who pass through the Primary Standard for prosecuting further studies in the Taluk stations

(28) At present the children of poor parents who receive free education in the Primary classes of the Village schools in the State and who pass through the Primary standard are obliged for want of means to discontinue their further studies With a view to afford facilities for further education of such students the Inspector General of Education proposes to grant 50 scholarships to start with of the value of Rs 5/- each tenable for two years in the IV and V Vernacular standards and for this purpose a provision of Rs 6000/- is suggested to be made in the Budget for 1914-15

(29) The Financial Secretary agrees with the Inspector General in considering that such scholarships are necessary so that poor boys of promise may not be held back by poverty but doubts whether under the existing circumstances really deserving boys of promise can be selected and suggests therefore that the -- number of scholarships may be limited to 20 to begin with

(30) I am of opinion that the full number of scholarships

(11)

viz 50 suggested by the Inspector General may be sanctioned subject to the condition that really deserving boys of promise who will be otherwise unable to further prosecute their studies should be selected for the scholarships

(3F) The Inspector General will be requested to send up a draf of the rules under which these scholarships are meant to be --- awarded for the approval of Government

SIR

I have the honour to inform you that in almost all the village schools in the State the education imparted is of the Primary standar and consequently with the exception of the children of a few rich parents the other boys have to discontinue their studies after they go through the Primary Standard for want of means With a view to help such of the intelligent pupils as are desirous of prosecuting their further studies in Taluk stations it is desirable to institute a number of scholarships from the beginning of the next official year and I propose that to start with 50 scholarships of the value of Rs 5 each tenable for two years in the Vernacular standards IV and V may be sanctioned

I request that if Government are pleased to sanction my proposal,

2

proposal, a provision of Rs 6,000 in the next year's Village School Fund Budget may be ordered to be made, the charge be treated as a grant from State Funds to the Village School F
